Dear Mr. Evans:

I am following up on our previous correspondence dated January 25, 1995, regarding the Brighton Landfill site visit that was planned for February 1, 1995. We had received a request from the U.S. Environmental Protection Agency (USEPA) Superfund Section to conduct a site reconnaissance of the site. However, the trip was cancelled by our USEPA manager when he heard of a USEPA Resource Conservation and Recovery Act enforcement action was underway at the site. It was our fault not to notify you that the inspection was called off. Please accept my apologies.

If you have any questions, please contact me at 312/346-3775.

Sincerely,

BLACK & VEATCH WASTE SCIENCE, INC.
